

AZHAR BABU TAPPEWALE

+91-7411328087|azhartappewale@gmail.com

EDUCATION

PDA College of Engineering, Gulbarga, VTU Belgavai, Karnataka, India

Bachelor's of Engineering in Electrical&Electronics ,CGPA **8.69/10**

August2018–August2022

Dr.RM Lohiya Indp Pu college, Karnataka, India

PUC Science, Percentage **84.83**

May2018

BasaveswaraHighSchool, KarnatakaIndia

SSLC ,Percentage **88.96**

May2016

WORK EXPERIENCE

Jio Platforms Limited(JPL)

GET(DEVOPS-EIM)

October2022–April2023

- Worked as a member of the DevOps team which provides Azure DevOps CI-CD solutions to the numerous web services, application and software development teams within the organization.
- Provided assistance and troubleshooting support the developer teams for Azure DevOps CI-CD Pipeline configuration and usage.
- Implemented the Azure DevOps Pipeline Creation and Updation project that automates creation or updation of repositories and associated build and release pipelines on the Azure DevOps Platform based on user specifications.
- Carried out upgrade activities on the ant and groovy scripts to enhance or implement new features to the pipelines.

TECHNICAL SKILLS

- Pursuing **5G Primer** and **Fundamentals of cellular communication** certification courses.
- **Design and SimulationSoftware:** AutoCAD using SolidEdge, Electrical CAD , Basic Pspice, OrCAD
Keil software , MATLAB.
- **ProgrammingLanguages:** C Programming, Python and Java.
- **Microsoft:**Azure, Office365, PowerPoint ,Excel, Word, Outlook

PROJECTS

SMART HIGHWAY

Smart Highway concept is a mechanism of advancement in the field of Roadways of a country.The features used in this concept are useful in today's world and leads to automation of things.

- Improvement of highway safety.
- Optimization and development of new transport functions and services
- Communication&Convenience.
- Reducing the power consumption&improving energy efficiency
- Environmental sustainability

SOLAR POWERED MOBILE CHARGER

Solar mobile charger is a device which uses the renewable energy(solar energy) and charges the electronic devices wireless.

- Charging of various low-voltage devices.
- Useful for users in remote areas.
- Portable for travellers

CERTIFICATIONS

- Soft Skills, IITRoorkee, NPTEL
- Awarded Best Project Idea in National Level Project Symposium“SOLAR BASED MOBILE CHARGER”.
- Secured 3rdRank in best research paper presentation for major Project “SMARTHIGHWAY”.
- Python for Machine Learning, NITWarangal.
- National Conference on Developments in the Domain of Engineering Sciences.

EXTRA-CURRICULAR ACTIVITIES:

- Secured 2nd position in Badminton in the college.
- Volunteer in Swachh Bharat Abhiyan.
- Competed in“Financial assistance for Innovative projects for Final year project”fromVTU
- Competed in“TechnoVision College Fest(Nirman2022):for Final Year project
- Handling sponsorship in college festival ,also an active participant in co-curricular activities sports (Badminton, cricket , volleyball etc.).
- Attended IP Awareness Training program under NATIONAL INTELLECTUAL PROPERTY AWARENESS MISSIO
- Attended the Flagship Event on “Think circuit be Creative“at Tech Invent 2021 by ChandigarhUniversity
- Attended TEQIP Sponsored one day international seminar on STARTUP: AN AVENUE TOWARDS INNOVATIONS.
