## Work Experience

### Rock Technologies Pvt Ltd. (Current Employer)

Software Developer | Dec 2021

Collaborated with 10+ team members on large-scale projects. Participated in deployment and fixed the bug during deployment. Involved in Coding for Web-based Application using Spring Framework. Developed Managed Bean classes as bean classes for Spring framework. Used Business Delegate approach to get service reference in Spring bean class as the service class. Developed Configuration file and mapping files. JSP pages development using html tags, Jsp tags. Used Maven to build, run and create JARs and WAR files among other uses. Created Hibernate configuration file using Spring Data Jpa, Hibernate mapping files and defined persistence classes to persist the data into Database. Used different primary key generators such as sequence, identity and native. Managed Associations such as one-to-many, many-to-one, etc. Utilized Spring annotations and XML configuration for Dependency Injection.

Notice Period : 15 Days or less
