EXPERIENCE SUMMARY

- A dynamic professional with 1.2 years of experience and Specialized in Java Development
- Proficient in Core Java concepts, including **Object-Oriented Programming (OOPs)**, **Exception Handling**, **Multithreading**.
- Possessing a comprehensive knowledge of **Collection framework**, **Java 8 features-Stream API**, **Lambda expressions**, etc.
- Hands-on experience in developing Java applications with **Spring Boot** and **web services**.
- Capable of developing **Entity classes** with encapsulation concepts.
- Skilled in installing **MySQL** databases and creating required Database Schemas and Strong ability to write **SQL queries**.
- Skilled in designing and developing **RESTful APIs**, ensuring efficient communication between systems.
- Proficient in testing web services using tools like **POSTMAN**.
- Exceptional Debugging and Troubleshooting Ability
- Utilized popular software development tools such as **Eclipse**, and **STS**, **MySql Workbench** as well as **Git** and **Maven**, to effectively manage and build software projects.
- Experience in developing front-end User Interfaces using JSP, XML, HTML, CSS, JavaScript.
- Quick adaptability to new technologies
- Worked with an Application server like Tomcat, Jboss.
- Experienced in using IDEs like Eclipse, Design studio.

Skill Summary

Languages : Java, J2EE, HTML, XML
J2EE Technologies : Servlet, JSP, JDBC, JSTL
Frameworks : Spring MVC, Spring IOC, Spring REST, Spring AOP, Spring Boot
Distributed Technology : SOAP WebServices, Restful Services, Microservices
DB / Data Access : Oracle, My SQL, H2 DB, Spring JDBC, Spring Data JPA, JDBC
Web Technologies : CSS, JavaScript, JQuery with Ajax
Build Tools : Maven
Version Control Tools : GIT, BitBucket
Servers : Apache Tomcat, JBoss, Postman
IDE : Eclipse, STS
Messaging Tool : Apache Kafka

WORK EXPERIENCE

Company : Stoics Software Development India pvt ltd.
Designation : Java Developer
Technology Stack : Java 8, core Java, HTML, CSS, JavaScript, JDBC, Oracle 11g, Spring Framework, Springboot.
Team Size : 5
Tools Used : Eclipse, Design studio, MySQL Workbench, Postman etc
Duration : Sep 2022 to Till Date.
Project : Temenos - Dubai Islamic Bank

Key Responsibilities:

- Analysis of issues in local development codes and providing solutions.
- Developing version and enquiry routines
- Developing local versions and enquiry and attaching new fields.
- Understanding FSD to develop local customizations on R16 to run the bank DIB.
- Worked in Defect handling and fixing
- Hands on Template Programming & Local Table creation.
- Written Local routines for Validation, Input, Authorization along ID and Check Record routines.
- Created Multithreaded routines to define batch Jobs.
- Team player with good communication skills and ability to plan/meet deadlines.

ACADEMIC QUALIFICATIONS

- B.E (Computer Science) from STJ Institute of Technology, VTU University.

DECLARATION

I hereby declare that all the information provided above is true to my belief and knowledge.
