CORE COMPETENCIES

Software Development Lifecycle

Web Application Development

DevOps

Code Optimization

Defect Management

Production Support

SLA Management

Requirement Gathering

Project Management

New Technology Implementation

Process Automation

Knowledge Transfer Sessions

Cross-functional Coordination

ACHIEVEMENTS

 **"Extra Miler" Spot Award:** Recognized for proactively implementing a new technology that resulted in a 30% reduction in costs and a 50% decrease in manual effort, significantly improving efficiency and productivity for the team/company.

 **Spot Award for Transition Excellence:** Acknowledged for seamlessly taking over responsibilities from the offshore team, demonstrating adaptability and commitment, which led to a 20% increase in project efficiency within a short time frame.

TECHNICAL SKILLS

- Programming Languages: C++, C#, Typescript, C++, HTML, JavaScript, SQL, CSS
- Framework: .NET, ASP.NET, Angular, MVC, Entity Framework
- Integrated Development Environments (IDEs): Visual Studio, Visual Studio Code
- Database Management: SQL Server Management Studio (SSMS)
- Tools: Git, AWS Lambda

NILESH SHARMA

SOFTWARE DEVELOPMENT

Designed, developed and implemented high-quality, scalable software solutions, committed to delivering quality code, optimizing application performance & fostering collaborative environment; targeting assignments in **Full Stack Development (Backend & UI)**, preferably in **Bangalore**.

PROFILE SUMMARY

- Leveraging **nearly 2 years** of experience, currently serving as **Associate Programmer Analyst at Koch Business Solutions India**, working on Backend, Frontend, DevOps, Cloud Computing technologies.
- Led Software Development Lifecycle (**SDLC**) right from requirement analysis, documentation (functional specifications, technical design) to maintenance of proposed applications.
- Developed & deployed responsive **web applications** within the **.NET environment**, leveraged **C#, .NET, Angular**, and associated technologies to craft dynamic and responsive web solutions, also, created dynamic shopping websites using Angular.
- Conducted **code reviews, troubleshoot & resolved issues**, bugs & performance bottlenecks to deliver high-quality, bug-free applications, optimized application performance and implemented enhancements to improve overall user experience.
- Utilized **Entity Framework** for efficient database interaction, and employed **SQL Agent** for task automation and SSIS for seamless ETL processes.
- Proficient in version control with **Git** and leveraged **AWS Lambda** for cost-effective automation, led automation efforts and reduced manual workload.
- Provided **production support** for applications and resolved tickets and complex & critical issues within set SLA.
- Conducted **knowledge transfer sessions** and determined the critical knowledge, processes, tools, or best practices that need to be transferred.

WORK EXPERIENCE

Koch Business Solution India, Bengaluru, India

Jul'22 – Present

Associate Programmer Analyst

Key Result Areas:

- Contributing significantly to .NET Application Development, resulting in a 30% reduction in defects, elevating the overall application quality.
- Utilizing Entity Framework for streamlined database interaction within .NET applications, contributing to optimized data access and system performance.
- Designing and optimizing SQL databases, achieving a notable 20% increase in query performance, ensuring faster data retrieval and processing.
- Performing API development on .NET core and also, conducting manual testing on API.
- Developing dynamic e-commerce website using Angular, integrating responsive design elements and secure payment gateways.
- Managing SQL Agent for automated scheduling and execution of SQL Server tasks, enhancing operational efficiency and task management.
- Spearheading SSIS projects, ensuring seamless ETL processes and facilitating efficient database integration across systems.
- Creating branded, interactive SSRS reports, improving data accessibility and enriching reporting capabilities, aiding informed decision-making.
- Leading EDI integration efforts, collaborating effectively with customers, resulting in a remarkable 40% increase in order processing speed.
- Demonstrating AWS Lambda proficiency, reducing infrastructure costs by 50% and automating data processing by 60%.
- Providing round-the-clock Production Support for 30+ applications, ensuring timely issue resolution aligned with SLA and OLA requirements.
- Acting as a key Subject Matter Expert (SME) for 5-6 projects, offering comprehensive knowledge and guidance to team members, contributing to project success.
- Conducting Knowledge Transfer (KT) sessions for new team members, facilitating seamless onboarding and ensuring critical project insights are transferred effectively.

EDUCATION

2022: Bachelor of Engineering in Mechanical Engineering, M.S. Ramaiah Institute of Technology, Bangalore - 8.66

CERTIFICATION

- Angular Course, Udemy

INTERNSHIP

Koch Business Solution India, Bengaluru as Intern

Jan'22 – Jun'22

Key Result Areas:

- Actively contributed to diverse business solutions for multiple Koch subsidiaries.
- Developed responsive and dynamic web applications as part of the Angular Project, honing skills in modern web development frameworks and practices.
- Gained practical experience in API development and testing using Postman, strengthening proficiency in building and evaluating APIs for functionality and reliability.
- Assisted in database management tasks, optimizing SQL databases to improve system performance.
- Participated in creation of interactive SSRS reports to enhance data accessibility.

PERSONAL DETAILS

Date of Birth: 5th February, 2000

Languages Known: English, Hindi

Address: 606, Leelavati Homes, Munnekollala Bangalore - 560037, Karnataka
