- **Operating systems:** Ubuntu 20.0, Windows 07/08/2010
- **Development & Deployment tools:** Eclipse, Docker, Sublime, Visual Studio
- **Message queuing systems:** Apache Kafka

Work Experience:

- Nishkaiv Solutions LLP, Bhandup(W), Mumbai, Maharashtra (Sept 2021 - Till date)
Position: Junior Consultant **Experience:** 2+ year

Projects Details:

🎬 **Project Title:** Account Aggregator

Description: Account Aggregators enable seamless encrypted data transfer between Financial information providers [FIPs] and financial information users [FIUs] without storing, Processing or selling the data, hence eliminating any conflict of interest. Below mentioned are APIs I've worked on

Responsibilities:

- o Developed new functionalities as per the client requirements.
- o Developed an API that would be used for initiating an Account link request to link and validate selected account with customer address. Before fetching financial data from FIP, It validates the AA financial information request. FIP verifies AA consent request and provides AA consent to fetch the data.
- o Developed an API that would be used by AA to send consent artefact to the FIP on Consent Creation.
- o Developed an API that is used to fetch the financial information from the FIP against given session id. It is called after AA has received the <FI-Ready> notification from the FIP.
- o Built an API that handles the consent notifications and FI notifications corresponding to the events generated during data-flow.
- o Perform Manual testing with own use cases and deploy code using Git & Docker.
- o Maintain documentation of common functionalities and features.
- o Troubleshoot, debug client services problems for that added errorlogs at necessary places & fixed those problems on high priority.

Extra-Curricular Activities:

- 🎬 **“MVP – KSHTIJ 2014”**, a National Technical Symposium for Project Competition.
- 🎬 **“EQUINOX 14”**, a National Level Technical Symposium for Project Competition.
- 🎬 **“Entrepreneurship Awareness Camp”** Sponsored by **NSTEDB** (Dept. of Science & Technology, New Delhi).
- 🎬 **“Weave Your Web”**, a Codeless Web - Development Workshop by Innovations.
- 🎬 Attended Workshop on **“Personality Development”**.

Achievements:

- Research Paper published for “**An Android Mobile Application for Personal Health Records with Cloud Computing**” on “**IRJET, International Journal**”.
- Completed Advanced Java Certification Course from Quality Software Technologies, Thane(W).

Personal Details:

- **Name:** Priyanka Ramdas Padol
- **Permanent Address:** Sukhkarta Row House - 20, Shri Krushna Nagar, Panchak, Jail Road, Nashik Road, Nashik, Pin: 422101.
- **Marital Status:** Single
