JAVA Developer

rajeevec75@gmail.com

Noida, Sec-45, Uttar Pradesh, India

## SUMMARY

Java Developer with 2 years experience of specializing in Java, Spring Boot, Hibernate, MySQL, and JSON-based API development. Proven success in delivering efficient and scalable RESTful APIs through collaborative coding and optimization efforts

## EDUCATION

### IES College Of Technology, Bhopal

Bachelor's Degree in Electronics and Communication Engineering  
2017 - 2021

### Bihar School Examination Board

Higher Secondary School Certificate  
2014 - 2016

### Bihar School Examination Board

Secondary School Certificate  
2013 - 2014

## SKILLS

- Programming Languages: Java, SQL.
- Frameworks and Technologies: Spring Boot, Hibernate, RESTful APIs.
- Database Management: MySQL
- Version Control: Git
- IDEs: Eclipse, IntelliJ IDEA, Netbeans
- Operating Systems: Windows

## CERTIFICATIONS

- JAVA Programming Certification from Great Learning.
- SQL Certification from Great Learning.
- Front End Development (HTML) Certification from Great Learning.

## PROFESSIONAL EXPERIENCE

### JAVA DEVELOPER

QMM Technologies Private Limited | 2022 - Present

- Developed and consumed JSON-based APIs for seamless data exchange between front-end and back-end systems.
- Designed and implemented database schemas in MySQL, optimizing database performance.
- Developed and maintained RESTful APIs using Spring Boot, providing efficient and scalable solutions for various clients.
- Utilized Hibernate for Object-Relational Mapping (ORM) to interact with MySQL databases, ensuring data integrity and performance.

### PROJECT DETAILS

Job Portal Application | November 2022 - July 2023

- A comprehensive web application for job seekers and employers, built with Spring Boot, Hibernate, and MySQL.
- Implemented the job search and filtering feature, enabling users to search for jobs based on various criteria such as location, job title, and experience level.
- Designed and optimized the database schema to store user profiles, job listings, and application data efficiently.
- Postman collection documentation available for API testing.

## ACHIEVEMENT

- I have obtained certification in SQL from HackerRank

## INTERESTS

- I like to do coding.

## ADDITIONAL SKILL:

- Experience deploying Java applications on Linux-based servers.

## PROJECT DETAILS

SCOPA-MAX Web Application | August 2023 - January 2024

- Developed a feature-rich e-commerce platform using Spring Boot, Hibernate, Java, and MySQL.
- Key features include user registration, product catalog, shopping cart, secure payment processing, and an admin panel.
- Payment gateway integration for a seamless shopping experience.
- Designed for responsiveness and security.

## PROJECT DETAILS

Av Meditech Inventory Management | March 2024 - Present

- Leveraged Spring Boot, Hibernate, Java, and MySQL to architect and implement the core functionalities.
- Designed and implemented key features including product catalog, purchase tracking, sales management, supplier integration, customer relationship management (CRM), daily reporting, and staff management.
- Ensured platform's responsiveness and security, meeting industry standards and user needs.
