📁 Professional Experience

Wipro Technologies, Java Developer Oct 2021 – Dec 2023 | Pune, India

- Designed and implemented **RESTful APIs** using **Spring** and **Spring Boot**.
- Wrote unit testing for my changes in the eMotive using **JUnit** and **Mockito**.
- Proficiently used **Git**, and **BitBucket** for **version control** and collaborated with a cross-functional team, following **Agile methodologies**, to ensure timely project delivery.
- Utilized **Hibernate ORM** for object-relational mapping, simplifying database interactions.
- Leveraged **Spring Security** to ensure authentication and authorization, enhancing the application's security.
- **Strong debugging** and **troubleshooting** skills.
- Optimized database queries and improved performance by working with relational databases, such as **MySQL**.
- Reduced client escalation by 10 % and increased productivity by 15% of the team to resolve production issues.

Web India Technology, Web Developer Jul 2017 – Aug 2018 | Patna, India

- Developed and maintained responsive and user-friendly websites using **HTML**, **CSS**, **JavaScript**, and **WordPress**.
- Configured and maintained **Linux**-based servers for hosting websites.
- Deployed applications and managed server environments on **Amazon Web Services (AWS)**.
- Utilized AWS services like **EC2**, **S3**, and **RDS** to optimize website performance and scalability.

📁 Projects

Emotive, Client Project Jan 2022 – Present

eMotive is a Web application built on Java (**Spring Framework**) & uses these tech stacks **Struts**, **JSP**, **Jasper**, . It provides a dashboard for dealers to access details of vehicles with key features of creating **New Orders**, **Canceling Orders**, **Deleting Orders**, **Updating Orders**, and **Order Tracking** for the vehicles. It also provides role-based access to dealers, customers, and developers It can be accessed from any device like a Mobile or Desktop.

Microsoft Excel Clone

Designed and developed an Excel clone application from scratch to provide users with a versatile and familiar spreadsheet tool accessible directly from their web browsers.

Utilized tech stacks: **HTML**, **CSS**, and **JavaScript**.

🧠 Skills

- | | | | |
|-------------|--------------------------|-------------|------------------------------|
| • J2EE | • Spring and Spring Boot | • React | • Oracle and MySQL |
| • Web API | • MVC | • Bitbucket | • Git & Github |
| • Jira Tool | • SOAP | • Jasper | • Data Structure & Algorithm |
| • JSP | • Jenkins | • Hibernate | |

📄 Certificates

AWS Cloud Practitioner 🔗
Q2D1VPD2ZBE41W9F

AWS Developer Associate
Udemy Certification

Java FullStack Developer
Udemy

🎓 Education

B.Tech - Information Technology, Aryabhata knowledge university Sep 2018 – Oct 2021 | Muzaffarpur, India

Polytechnic -Computer Science, Govt. Polytechnic Ranchi Jun 2014 – Jul 2017 | Ranchi, India

🏆 Awards

Brightest Beginner Award, Wipro Jun 2023
