Summary

Experienced Java Developer with 2 years and 7 months of hands-on experience in developing APIs for e-commerce platforms using the Spring Boot framework.

Proficient in identifying and resolving bugs to ensure optimal system performance and functionality.

Collaborating with cross-functional teams to deliver high-quality software solutions.

Comprehensive expertise in e-commerce platform intricacies across all layers, dedicated to continually enhancing platform performance and functionality.

Experience

Software Engineer

Nagarro

Oct 2022 - Present (1 year)

- Specialized in optimizing and enhancing the efficiency of a Pincode API, enabling precise product availability location tracking and significantly improving time complexity for streamlined operations.
- Innovated and integrated multiple novel logistic patterns into our Reverse Logistic Service (RLS) API, revolutionizing the product return process and ensuring optimal efficiency in a streamlined and effective manner.
- Developing an EDD API to accurately estimate product delivery dates

Offering 24/7 support during peak sales periods to ensure the e-commerce platform operates effectively and efficiently, maximizing profits.

Associate Software Engineer

Nagarro

Oct 2021 - Oct 2022 (1 year 1 month)

- I am an accomplished Site Reliability Engineer (SRE) skilled in troubleshooting and resolving production bugs using java programming in E-commerce platform.
- My expertise includes using monitoring systems, log analysis, and code profiling to identify issues and implement solutions that maintain the site's uptime and performance.
- As an SRE, I collaborate closely with cross-functional teams to ensure smooth and efficient operations of the website.

Software Engineer Trainee

Nagarro

Apr 2021 - Oct 2021 (7 months)

- Product Community Website

Feature- Search Product, Add Cart ,Buy Product, Serviceability of Product.

Domain- Spring boot, Angular ,MySQL

- Employee/HR Management System

Feature - Employee Portal, HR Admin Portal

Domain - Spring boot, HTML, CSS, Integration Of Two API, MYSQL.

- Blogpost Application
Feature - Add Blog Publicly
Domain- Angular , Spring Boot, MYSQL

Education

College of Engineering Roorkee

B.tech, Computer Science

2017 - 2021

Skills

Java • Problem Solving • Data Structures • MySQL • Spring Framework • Spring MVC • Spring Boot • GitHub • Hibernate • Agile Methodologies
