Tools/Framework	Servlet, JSP, Spring (IOC, AOP, MVC), Spring Boot, Maven, Git
ORM Tools	JDBC Template, JPA, Hibernate
IDE Tools	Eclipse, Spring Toll Suit, Visual Studio Code
Web & Application Server	Tomcat
Database	MySQL, PostgreSQL
Operating System	Windows, Ubuntu

PROJECTS

Project Details -

Title : Protean Health Clinic

Technologies: Java 8, Angular

Database : PostgreSQL

IDE : Eclipse, Visual Studio.

Description: Protean Clinic application user need to register himself as a doctor or patient through mobile application (android and IOS) or any web browser like chrome, fire fox post registration he will able to access all the services provided by the application. User request will pass through web server where UI service is running on Angular.

Responsibilities:

- Analyze user requirements to define business objectives.
- Contribute to all stages of software development lifecycle.
- Define application objectives and functionality.
- Envisioning system features and functionality.
- Develop and test software.
- Designing and developing API structure.
- Configured mapping and maintain database according to architecture
- Developing API functionality and also create table and insert data.
- Created different records in the database as per product requirement.

Project Details -

Title : HRMS

Technologies: Java 8, AngularJS

Database : PostgreSQL

IDE : Eclipse, Visual Studio.

Description: The Human Resource Management System (HRMS) is a comprehensive and user-friendly software solution designed to streamline and automate various human resource functions within an organization. By integrating essential HR processes into a single platform, the HRMS enhances efficiency, accuracy, and overall productivity, enabling HR teams to focus on strategic initiatives and employee engagement.

Responsibilities:

- Analyze user requirements to define business objectives.
- Contribute to all stages of software development lifecycle.
- Define application objectives and functionality.
- Ensure that the UI is responsive and works well across different devices and screen sizes.
- Envisioning system features and functionality.
- Designing user interface of application.
- Develop and unit testing of application.
- Designing and developing API structure.
- Configured mapping and maintain database according to architecture.
- Created different records in the database as per product requirement.

EDUCATIONAL DETAILS:

- **MCA** from Pune University in 2021.
- **B Sc (cs)** from SRTMUN University in 2018.
- **HSC** from Latur Board in 2014.
- **SSC** from Latur Board in 2012.

PERSONAL DETAILS:

Name:	Viraj Milind Parghane
Date of Birth:	23 rd Aug 1996
Gender:	Male
Marital Status:	Unmarried
Nationality:	Indian
Language Knows:	English, Hindi and Marathi
Permanent Address:	Niwgha Tq. Hadgaon Dist. Nanded
Current Address:	Warje Pune 41105.
